

PRODUCT SPECIFICATION

SANI-99™ SteriDrain Pro 25 Sachet Multi-Pack

SANI-99™ SteriDrain Pro – 25 Sachet Multipack includes 25 × 15g pre-measured sachets, each designed to make 1 litre of high-performance drain disinfectant when mixed with water—delivering up to 25 litres of powerful disinfection solution. Specially developed for drainage systems, SANI-99™ SteriDrain Pro penetrates biofilms, eliminates harmful pathogens, and helps prevent regrowth in sinks, traps, and pipework. Chlorine-free, non-corrosive, and biodegradable, it provides rapid, effective disinfection while remaining safe for infrastructure and routine use. A sustainable, cost-effective solution for maintaining hygiene and reducing infection risk across healthcare, hospitality, food production, and other high-risk environments.

STORAGE & USAGE INSTRUCTIONS

Store sachets in a **cool, dry place** away from heat, moisture, and direct sunlight. Keep sealed until use. **Shelf life: up to 4 years (powder).** **Directions for Use:** Dissolve **1 sachet in 1 litre of warm water** or apply directly into the drain and activate with hot water. Pour into drains, traps, or pipework, allow **5–15 minutes contact time**, then flush thoroughly. **Safety:** Keep out of reach of children. Avoid contact with eyes and inhalation of powder. Do not mix with other chemicals. Dispose of contents and packaging responsibly. Refer to the **MSDS** for full safety information.

PACKAGING DETAILS

Pack Dimensions (mm):

Height: 42mm

Width: 125mm

Length: 180mm

Packaging Material:

Recyclable: Yes – 100% Recyclable cardboard

Weight: 481g

PRODUCT FEATURES

- ✓ **Makes 25 Litres of Disinfectant** – Includes 25 × 15g sachets, each producing 1 litre of high-performance drain disinfectant when mixed with water.
- ✓ **Kills 99.99995% of pathogens (Log 7)** – Effective against bacteria, viruses, fungi, and *C. difficile* spores, certified to EN standards and compliant with ECHA PT2, PT3 & PT4.
- ✓ **Advanced Biofilm Penetration** – Effectively penetrates and disrupts biofilms, eliminating hidden contamination and preventing regrowth.
- ✓ **Chlorine-Free & Non-Corrosive** – Safe for drains, pipework, and infrastructure—no damage to materials or harmful chlorine by-products.
- ✓ **Long Shelf Life** – Powder sachets offer up to 4 years stability, reducing waste and simplifying storage.
